Fire Practices in the Mills.

IW Sl. 3.

Letter dated 17th May '44 from M/s. The Bl'ore Woollen, Cotton & Silk Mills Co., Ltd., Bl'ore, requesting permission to resume the sounding the mill hooters to call firemen for practice.

Kind refce is invited to the notification dt 9.4.43 (Vide flag "y") relaxing the Control of Sounds Order in respect of factory hooters in Beity subject to certain conditions.

The permission now sought for, seems to be for sounding the mill hooters in addition to those meant for time-signals. It is stated that this fire-practice existed even prior to the imposition of restriction for A.R.P. purposes. Information as to whether these practices are conducted daily or periodically etc., has, however, not been furnished. In view of the changed situation viz., since the air raid risks & danger to Bl'ore (which is classified as white area) has now been considerably reduced, & these practices are held in the interest of the mill in question so as to keep their firemen fit for an emergency, there may not be any harm in the permission being granted & the I.G.P. intimated of the fact.

Subd for orders.

A.R.C. 429/43 of 3-6-44.

Returned with compliments.-

The Government of India have stated in their Circular No.21/43(W-S), Civil Defence Department, dated 30th June 43, that the prohibition of "Sounding of Factory Hooters" need extend normally only to the Preliminary Warning area and that it need not be enforced in 'Pink' and 'White' areas.

According to the measures proposed in the Revised Policy regarding Civil Defence measures due to the receding threat from certain parts of India, the whole of Mysore State is placed outside the Preliminary Warning area and Bangalore is brought under 'Pink' or Class B ii category.

According to this classification, all A.R.P.measures are withdrawn, necessary paper schemes being prepared for the re-institution of the measures for the civil defence of the area in case of an emergency. In accordance with these proposals, the several orders of restriction, imposed on the public for the effective civil defence of the City are to be suspended subject to their re-imposition in the event of a threat. Some of the restriction orders like, Control of Lights, Control of movements, Mysore Hostile Attack order &tc., have already been suspended. Likewise, the control of Sounds Order may also be suspended, subject to its re-imposition whenever considered necessary by the Government.
